COBO INTOUCH AGRI

### ENTERPRISE 4.0 FOR AGRICULTURE

The business plan 4.0 represents a unique opportunity for farms to invest in high-quality machinery that enables businesses to work more efficiently and safely.

The previous type of incentive, in the form of reduced depreciation, was in fact not accessible to the agricultural enterprises sector, which, for the majority, are taxed on the basis of cadastral income and not they therefore draw up budgets. On the other hand, the tax rebate, in the form of a tax credit, will be more functional to the tax and administrative peculiarities of farms.
